Randy Lord
Broadband Service Group, Inc.
4479 Fenton Road
Burton, MI 48529

Mr. Lord,

I wanted to reach out directly to let you know of the tremendous experience I've had working with Broadband - and its crews - while integrating our oDAS and Small-Cell nodes, throughout both Metro Detroit and Indianapolis areas.

As you're well-aware, working with (and within) the City of Detroit inherently comes with any number of difficulties. However, despite the many hurdles, please know that having the help of your outstanding group of contractors has truly been a great equalizer. Just knowing that I had crews onsite every day that not only understand the industry, but who also express a clear desire to perform their best work - all with little-to-no oversight - was a tremendous help to me, and for that I'm grateful.

You should have a great feeling of pride knowing that you've built a top-notch team of integrators that continually performs at a very-high level. And with this industry showing no signs of slowing down, I'm looking forward to the opportunity of further building upon this strong, working foundation.

If you have any questions, please do not hesitate to contact me.

Regards,

Mike

Michael Tullio
